

Cape Ann Web Services

"It's a Local Thing"

A Division of CapeAnnMass.com
email: capeannweb@live.com

Cape Ann Web Services has provided quality economical solutions for Cape Ann small business for over 10 years. To date we have provided over 50 websites. Simply put, we design or redesign for less than anyone on the North Shore, guaranteed!

Here is what comes with every package....

Google Webmaster Tools Search Engine optimization code. This string of code, placed on your front web page allows Google search robots to find your site easier than simple "keywords"

Facebook Business page that you control. Facebook is now used by over 32% of internet users to search for local businesses, primarily due to the ever increasing use of Smartphones (See below). Your webpage and your FB page will be linked together, so you corral over 91% of internet users!

GoDaddy hosting. GoDaddy has a reliability rating of over 99%, the best in the industry. Also, your URL (.com) will be secured and renewed with GoDaddy at the best price on the internet.

Complete Smartphone compatibility. More and more people are satisfying their web browsing, searching and social needs via their Smartphones. Our websites utilize technology that avoids Flash, which iPhone does not support. Our sites are 100% Smartphone friendly.

Cape Ann Web Services

CAWS is committed to a quality product and customer satisfaction. After implementation of your web site, we will follow up on any issues to ensure you are satisfied with your site and our service.
